EDUCATION

KIET Group of Institutions

Bachelor of Technology in Computer Science, CGPA: 8.1/10.0

Ghaziabad, India

Aug 2023 – May 2027

- Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Operating Systems, Web Development

Delhi Public School, Varanasi - CBSE

Senior Secondary Certificate (Class 12th), Science Stream

Varanasi, India

2023

Delhi Public School, Varanasi - CBSE

Secondary Certificate (Class 10th), 90.2%

Varanasi, India

2021

TECHNICAL SKILLS

Programming Languages: JavaScript, C++, C, Python

Frontend Technologies: React.js, HTML5, CSS3, Tailwind CSS

Backend Technologies: Node.js, Express.js, RESTful APIs

Database: MongoDB, Mongoose ODM

Tools & Technologies: VS Code, Postman, Figma, Multer, JWT Authentication, Clerk Authentication

Cloud: AWS (Certified Cloud Practitioner), Git, GitHub, Vercel, Render

Core Concepts: Data Structures, Algorithms, Authentication & Authorization, Role-Based Access Control

PROJECTS

Plate Forward – Surplus Food Donation Platform | MongoDB, Express.js, React.js, Node.js (MERN)

2025

- Designed and developed a full-stack MERN application to connect food donors, receivers, volunteers, and admins for efficient surplus food redistribution.
- Implemented JWT-based authentication system with role-based access control for secure operations
- Implemented interactive maps using Leaflet to visualize donor locations and provide real-time navigation for volunteers.
- Developed real-time notifications using Socket.IO to instantly notify users about donation acceptance and status updates.
- Created an Admin analytics dashboard to monitor total donations, completed donations, and user activity.
- Enabled image upload functionality using Multer and Cloudinary for food donation verification.
- Live Link: [PlateForward](#)

Restaurant Management Application | MongoDB, Express.js, React.js, Node.js (MERN)

2024

- Developed full-stack restaurant management web application using MERN stack with separate user and admin interfaces
- Implemented JWT-based authentication system with role-based access control for secure operations
- Designed Admin Dashboard enabling CRUD operations for dish management and real-time order monitoring
- Live Links: [User Portal](#) | [Admin Dashboard](#)

EXPERIENCE

Frontend Web Development Intern

All India Council for Technical Education (AICTE)

Aug 2024 – Sep 2024

Remote

- Completed 6 week internship focused on React.js, HTML5, and modern frontend development practices

CERTIFICATIONS & COURSES

AWS Certified Cloud Practitioner | Amazon Web Services

Valid until Dec 2028

Foundation Level in Programming and Data Science | IIT Madras

2024

Full Stack Web Development Internship | Microsoft Learn Student Ambassadors, KIET

100 Hours

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

Departmental Winner - Innotech Technical Event | KIET Ghaziabad

NexGen Hacks Hackathon | RKGIT Ghaziabad
